

Michael Colenso

📞 206.607.7836 | ✉️ michaelcolenso@gmail.com | 📍 Seattle, WA

Construction leader with 18+ years delivering \$300M+ in residential and mixed-use projects, including luxury remodels, historic renovations, and multifamily builds. Known for aligning preconstruction and production teams, tightening schedules, and protecting margins through rigorous job costing, value engineering, and change management. Track record includes delivering a \$40M project 2 months early, navigating \$6M+ in negotiated changes, and maintaining zero recordable safety incidents while earning trusted-advisor status with discerning clients.

Professional Summary

Construction Project Manager with 20+ years of progressive experience delivering complex projects from \$1M to \$200M across multifamily, high-rise, hospitality, healthcare, and historic renovation sectors. Proven track record of on-time, under-budget delivery through implementation of Lean Construction principles, collaborative stakeholder management, and solutions-oriented leadership. Notable achievements include completing \$40M hotel project 2 months early while managing \$4M+ in late-stage changes, achieving zero safety incidents on multiple projects, and earning national awards for historic restoration excellence.
